Our history in medicine

Partner Ukraine is consulting and trading company, which opened brunch of medical consulting in 2008.

Since there, we have severe experience in different aspects of medical services in Ukraine.

We have contacts with all the main hospitals in Ukraine, including neurosurgery and orthopedic hospitals in Kiev, Kharkiv, Donetsk, Lviv, Sevastopol, Zaporijya etc.

After market analysis in sphere of spine and trauma, done by our specialists in 2012, our board took decision to open new branch – medical goods trading.

In 2013 we started to search high-tech and respected partner throughout the world to communicate with and to represent his products on our market.

Our skills in medicine

- Research in medical market in different regions of Ukraine (quantity and type of diseases, patients, medical treatments, services, competition etc.)
- Development of new branches of activities for medical institutions and companies.
- Development of main competitive features for a new brand, entering the market of Ukraine.
- Forming criteria's for estimating results of medical services to clients.
- Development of marketing strategy.
- Business planning and start up for the client.
- Acquiring finances for the projects
- Dealing with insurance companies

Our main partners in spine and trauma

- The state Institute of Neurosurgery named after acad. A.P.Romonadanov , Kiev, Ukraine
- The state Institute of Orthopedics and Traumatology, Kiev
- The state Institute of neurophysiology named by acad O.O. Boghomoletz, Kiev
- State Institute of Pathology of Spine and Joints named after prof. Sytenko, Kharkiv
- Institute of Traumatology and Orthopedics , Donetsk
